(cover pages not numbered below)

62-109060-4199 EBF Part 3 (no page numbers - I add numbers for these selected pages)

Page 1 Shot at 170 after which Jackie turns confirms my earliest work & is counter to Commission Report
So 10 second shot at 2 of 215

2 Does not include all blurred frames
no explanation given for two. 302 & 261 at bottom page

3

4 "Copy slides to be 4g (?) frames 172 Through 323"
Inadequate. Why One frames - for Time, Inc.?

5-6 Testing much more camera - average 18.5

7 "Comparison of Nix & Zapruder frames from 3rd shot on:"
appears to relate to timing on Clint Hill

8 "Nix Camera" - exclusive of run-down average 18.5

9 "Nix Film" Orients 3rd shot at #24, total 267 frames,
200 "at first portion of motor code before shots" and
"total film 467 frames @ 18.5 = 25.243 sec."

10 "Change in Frame Count" (does not say but is Zapruder)
(Relates to orienting JFK with fixed objects)

11 "Frame Count - Zapruder Film"
Fixed points, JFK, Tactic, Hill

12 Unclear notes with sketches re shadow

13 On timing, distances between frames

14 "Take 1" apparently reconstruction

15 "Take 2" & "Take 3" ("too limited for accuracy")

16 "Take 4" & "Take 5"

17 "Take 6" and averaging of all takes to 18.117

page 18-24 copies adding machine tapes re takes
25 - blank One that some dim writing is visible

This is not all in Part. Much more
There, esp. on reconstruction
